

K-Love is one of only 4-5 stations in Omaha that my family listens to. It is a vital part of the Christian community here. If it were replaced, it would be a great disservice to the teens of Omaha, especially. There is nothing like it offered here. We rejoiced when we heard that it would be coming to our state. We need K-Love to give us the music and information that no other station offers. Please reconsider taking it off and replacing it with a LPFM station. K-Love is, in my estimation, a positive leader in broadcasting here in Omaha. I can trust them with my children.
